VETERINARY CERTIFICATE

HORSE: **DUNKIRK**
SIGNALMENT: 3 y/o BAY GELDING
BRANDS: N/S: M 3 OVER SCROLL
O/S: 4 OVER 5
MICROCHIP No: 985100012060139

At the request of *Mr Rick Connolly*, a veterinary examination of the above horse was undertaken at Kildalton Park, Angaston, South Australia on the 22nd January 2019. The purpose of the examination was to provide a Veterinary Certificate for the sale of the above horse.

Clinical Examination

The horse was examined at the walk and trot. There was no evidence of previous abdominal surgery, infection or disease, lameness, laminitis or ataxia.

In my opinion, at this time, DUNKIRK presented as suitable for purchase as a racehorse as can be determined from the examination performed.

Should you require any further assistance please do not hesitate to contact me.

Kind regards,

Dr. Daniel Sims
BVSc (Hons) CertAVP MRCVS
Barossa Equine Clinic

This certificate has been prepared for the inclusion in the disclosure statement of the thoroughbred in question. This certificate may be relied upon by potential investors, however it does not constitute a "pre-purchase" examination. I certify that I have no current, nor contemplate, future interest in the above-described horse, other than in the supply of the Veterinary opinion of suitability for racing.
