

EXAMINATION REPORT

HORSE: 'Candyland (NZ)' – 4 year old bay Thoroughbred mare
Microchip number: 985125000076286
Brands: Left shoulder: M over V Right shoulder: 15 over 5

OWNER: Peters Investments PTY LTD

EXAMINATION DATE: 4th September 2019

The above named mare was examined at Yalebra Stud, Keysbrook, Western Australia on the 4th September 2019.

The mare was in good physical condition.

A physical examination including auscultation of the heart was within normal limits.

Assessment of the mare in hand at the walk, trot, and turning in small circles was within normal limits. The horse was sound and there were no palpable abnormalities of the distal limbs.

Palpation of the uterus and ovaries per rectum were within normal limits.

In my opinion the mare is suitable for breeding or racing.

Yours faithfully
