8TH JUNE 2020

VETERINARY REPORT FOR 'ESPERENCE'**Signalment:**

5-Year-Old Thoroughbred Gelding -985100012047262

Owner:

Godolphin

On the 8th of June, '**ESPERENCE**' underwent a presale endoscopic exam at Inglis riverside.

The horse has grade 4/5 function (Lane) of the left arytenoid with only approximately 70-80% abduction achieved on the left side of the larynx. This level of function is an abnormality that would constitute a fail in the conditions of sale on a post-sale endoscopy.

The significance of the lack of function on performance would be best assessed with an overground endoscopy.

Please call the clinic should you have any questions regarding this report.

.....NSW V6012
