VETERINARY EXAMINATION

Horse: Kapsali

Location of Examination: Hawkes Racing Stables, Rosehill Racecourse, NSW

Date of examination: 31st October 2020

A veterinary examination of the 2yo brown thoroughbred gelding **Kapsali** (described below) was carried out at Hawkes Racing Stables, Rosehill Racecourse, Rosehill, NSW on the 31st October 2020. At the time of the examination the gelding was in full work.

Clinical Examination:

The horse was presented in good clinical health. On clinical examination the horse has acceptable conformation and temperament. Auscultation of the heart and lungs did not reveal any abnormalities. The horse was examined at the walk and trot in hand, with no lameness detected. Palpation and manipulation of the distal limbs did not reveal any signs of significant injury or abnormal wear. Flexion tests of all four limbs were all normal, with no pain or lameness detected post flexion test.

Radiographic and Videoendoscopic Examination:

A radiographic examination of both knees and front fetlocks and a videoendoscopic examination of the upper respiratory tract were both performed, and have been lodged in the Inglis Repository.

Disclosure:

I certify that I have no current nor contemplate any future interest in the above horse or the monies to be raised from the sale of the horse.

Yours faithfully,

Dr Ross Alexander BVSc

NB: This examination is valid for seven (7) days and is only for the use of the person requesting the examination. The issuer of this certificate has no contract with any third party unless specified herein.
