VETERINARY REPORT
Schiavone 19

I.D:985100012163473

The horse Schiavone 19 was examined on the 09/03/2021 at Riversdale farm Scone NSW 2337. The horse was in good body condition and had a bright demeanor. A physical examination was performed and there was no detectable abnormalities present at the time of consult. The yearling was examined at a walk and was found to be sound.

The colt was found to have two palpably descended testicles.

If you have any questions regarding this case please contact me at Scone Equine Hospital on the number below.

Dr Thomas Burke
BSc DVM.
VPB Registration: NSW V12072

Please ensure that this report is forwarded to the horse's owner and the person responsible for the future care of the horse, as well as to the insurer, if applicable.
