## Veterinary Clearance Certificate

Horse name		Trainer name		
Exam date Exam time		Microchip No.		
Sex Gelding Filly	Horse Rig	Brand left	Brand right	
Colour Bay Grey	Brown Black			
I certify I have recently (within 24 hours) examined the above named horse for the following recorded injury, illness or condition: To check current embargoes, please search the horse's name at https://racingaustralia.horse and click on the 'embargoes' tab				
Or, as per Racing Australia's Codes of Practice, please state the reason(s) for providing the veterinary clearance:          Not started in over a year*       12 years of age       Arrhythmia       Reinstatement*       Fracture/orthopaedic*				
* Please provide any reason(s) for the horse not starting in over a year, retirement, or details of orthopaedic condition or other information:				
Please specify the horse's level of activity and training at the time of this veterinary examination:         Light (walk and trot)         Moderate (canter and slow gallop)         Intense (strenuous gallop)				
I confirm that I have thoroughly examined the horse and am satisfied for it to resume or continue training at the following level:          Moderate (canter and slow gallop)       Intense (strenuous gallop)       Barrier Trial and Racing				
This opinion is based on the foll	This opinion is based on the following examination(s) and/or diagnostic procedures:			
Physical examination	owing examination(s) and/or diagi	nostic procedures:
