

9th July 2025

Veterinary Certificate

For

“Not So Common”

Brown, Thoroughbred gelding

Brands NS: WS, OS: 107 over 0

Microchip Number: 985125000105751

To whomever it may concern,

I, Dr Clara Zalabardo of Golden Plains Equine performed a clinical exam on the above-described horse on 9th July at Rosemont Stud, Ceres for the general health and condition check prior to sale.

He had a mild systolic murmur on the left hand side. All other vital parameters were within normal limits. The horse was sound on both the walk and the trot.

Based on the clinical evaluation on this occasion I consider the horse to be fit for sale.

Kind regards

Dr Clara Zalabardo

Veterinarian

Golden Plains Equine
