18th May, 2017.

This is to certify that on this day I examined a thoroughbred horse at the request of Mr Jon Lawler, 310 Fogwells Road, Yorklea via Casino 2470.

The horse was a Brown 8 year old Gelding, branded *+* *77*. Near Shoulder and 3 over 8 Off Shoulder,

Microchip no. 985100010949009 and named "PUNJAB ROCKET".

I performed an endoscopic examination of the horses Pharyngeal and Laryngeal regions with the horse at rest, un-sedated and un-restrained.

I failed to see or to elicit any abnormality which I feel would interfere with the horse's ability to perform effectively.

Yours faithfully,

A handwritten signature in dark ink, appearing to be 'Phil Sharman', written over a horizontal line.
